FEO website:

www.feo-online.com

Dear Colleagues,

The first meeting of the new FEO Board took place in Belgrade, kindly hosted by the Serbian Orthodontic Society.

Following is an outline of the recommendations and some of the activities discussed and approved by the new Board of the Federation of European Orthodontics (FEO) in an effort to continue improving the service to as well as exchanges among the FEO member societies:

- ✓ We kindly ask you to ensure the **FEO logo and link** are present on your national society homepage;
- ✓ on the FEO homepage a multiple year calendar will be created to help view and coordinate the member societies main congress. Please let us know now of all your programmed future dates. This hopefully will avoid major concomitances and also encourage reciprocal attendance;
- ✓ the participation to the FEO Award and Best Clinical paper Award has been high as usual. The winning authors, from Egypt and Germany, will present their work in Limassol, Cyprus, 3-5 November 2017, at the FEO award session hosted by the Cyprus Orthodontic Society;
- ✓ as part of the 20 year anniversary of FEO, 2 FEO member societies are welcome to invite the two 2017 winners to present their work at their national congresses in 2018. FEO will participate to the winners travel and accomodation expenses (details will follow);
- ✓ Following the success of the FEO Village Day at the 2015 WFO, the FEO Board is asking for your support in hosting a FEO Village session every other year. In even years the hosting society will hold the FEO Award session for the FEO Award, the FEO Best Clinical paper and the Francesca Miotti's research Award contest. A half day Village session will be developed for 2018 during the congress of the hosting country; The first FEO bi-annual Village session will start in 2018. At the 2016 GA meeting in Florence Germany has offered to host FEO in 2018. The hosting country will be voted upon at the FEO GA that will take place in Limassol, Cyprus, Nov-3-5 2017.
- ✓ The exchange of speakers among our national societies is the natural result of our constant contact. A list of speakers belonging to our member societies exists. We ask you to please help us update the list attached in order to place it on our homepage with names that you wish to sponsor;
- ✓ FEO societies are encouraged to apply the same fees as their national members for participation to their congress of members of sister FEO societies. Attached you will find a form that we ask you to return with your signature;
